Customer Reviews

I picked up a copy of this book a couple of months ago. Mine is the updated 2011 publication with a different cover, but it's the same book. Nice format. Full page artwork and just the right amount of interesting info on the big name street artists. The paper is thick and white and the artwork just pops off the page. Truly great book. If you are at all interested in STREET ART, I strongly suggest you buy this book. You won't be sorry.

The book was in great condition. It's a great resource and overview of street art today. Not the best pics though.
