White Hot

Synopsis

When she hears that her younger brother Danny has committed suicide, Sayre Lynch relinquishes her vow never to return to Destiny, the small Louisiana town in which she grew up. She plans to leave immediately after the funeral, but soon finds herself drawn into the web cast by Huff Hoyle, her controlling and tyrannical father. Hoyle owns the town's sole industry and runs the lives of everyone who lives there. Her father and older brother, Chris, are as devious as ever with their new partner-in-crime, a disarming lawyer named Beck Merchant. When Sayre is thrown in closer contact with Beck, she senses something more sinister is at play. As she sets out to learn just what did happen to Danny, Sayre is inextricably drawn into a struggle with striking laborers, her unscrupulous father, and her growing love/hate relationship with Beck -- a man with mysteries of his own. A brilliant combination of hard-edged suspense and intense emotion, *White Hot* is master storyteller Sandra Brown at her very best.

Customer Reviews

Sandra Brown's cross from the romance genre into mystery has been an excellent move in my opinion. Of the many authors who have made this switch, she is one of the best!! In *WHITE HOT*, Sayre Lynch returns to Destiny, LA for her brother Danny's funeral. Even though she's not had contact with her family for over ten years, she is tossed into the middle of a minefield, some of which is her own doing. Huff, her father, is still the same egotistical, domineering person he always has been. He continues to run his foundry with an iron fist, and dares union reps and government officials to try to make him change the way he does business. Chris, Sayre's brother, is his father's

yes-man. The sad part is that he's been spoiled by Huff and in growing up in this environment has been corrupted into Huff's way of thinking. Beck Merchant, Chris' college buddy, and now legal counsel to Hoyle Enterprises, is just like a member of the family and his level of corruption is often at the center of debate between he and Sayre. As Sayre says a final farewell to Danny at the grave, she meets his fiancée and begins to doubt that her brother committed suicide. This begins the journey into corruption, self indulgence, and a good old fashion "who dun it" that at times leaves the reader just as breathless as those in *Destiny* trying to endure a heat wave. Between the accidents at the foundry, the union strike, the attacks by a local reprobate (Slap Watkins), flying sparks between Beck and Sayre, and other incidences the reader isn't given a chance to relax! Character development is excellent, as usual for Brown. Sayre lives up to her redhead temperament, and her bouts with Beck will make the reader chuckle, and also feel the electricity between the two.
