Easy-to-Do Card Tricks For Children (Dover Magic Books)

Synopsis

Children love card tricks, and with this book by an expert in magic and card conjuring, youngsters will be able to master a host of tricks especially designed for them. Tricks are arranged in order of difficulty, with the simplest at the beginning of the book. Clearly written, easy-to-follow instructions and over 60 helpful diagrams take aspiring magicians through each step â " from preparing and manipulating the cards to developing a line of patter (a necessary ingredient for any successful performance). Newcomers to the art of performing card tricks need no special skills â " just a willingness to practice â " to accomplish such astonishing stunts as finding a card under seemingly impossible conditions, causing a card to rise mysteriously from the deck, reading the spectator's mind, and 27 other mind-boggling maneuvers.

Customer Reviews

Great book. Bought it for my 11 year old and she is able to teach herself how to do the tricks - good for a magician to be able to do!

My grandson recently discovered magic tricks using cards. I purchased this book so he could learn

more tricks and he has been very pleased with the tricks in this book.

I bought this for my 7 year old daughter, who wants to be a magician. The instructions read about like an instruction manual for a 1984 audio system. I had to read it a couple of times before deciphering it. She quickly lost interest in it because it was too frustrating for her to figure out all the instructions for the tricks to work. Not written with kids comprehension levels in mind, perhaps they meant it for older kids, but it's really not easy for anyone to decipher.

This is the perfect gift for a 10 and 12 year old. So, I ordered it for my neighbor (who just turned 10) He loves it and so does his 12 year old brother!

Actually, a little hard for ME, the adult to understand, but I am a complete beginner. This is good for your brain. And your dexterity. And your showmanship skills. Thrill the little kids with this, those who are 8+ yrs old - if younger, magic does not surprise them.

I bought the book for my grandson. He seemed to like it. Some of the tricks were a little difficult at first to understand by the directions but we figured them out. Good for beginners!

Karl Fulves has been putting out these kinds of books for what seems like an eternity. They are good books for kids and even a skilled performer can pull some good material from these books.[...]

This book teaches kids (children as young as 5) to do some very impressively "magical" card tricks. I worked with my 6 year old grandson on a couple of tricks he then did for his dad who was watching closely. Dad was amazed he couldn't figure out how his son had done each trick and kept saying, "Do it one more time so I can figure it out." He couldn't.
