Tracking Trisha: The Dragon Lords Of Valdier, Book 3

Synopsis

Trisha Grove enjoys her job as a pilot for Boswell International, but she realizes something is still missing from her life: her family. She is ready to call it quits and head back home to Wyoming, where her father lives, but her last flight for Boswell ends with an unplanned trip out of this world. Trisha isn't sure at first what's real and what isn't; all she knows is she is determined to get back to her dad - no matter what it takes. Kelan Reykill is the fourth son in the royal line of Valdier. Commander of the V'ager, one of the largest Valdier warships, he prides himself on his strict self-discipline, his ability to remain in command in any situation, and his skill at handling any challenge. That is until he meets a stubborn human female from the primitive planet his older brother sought refuge on. Now all he can think about is how to get her into his bed and under his control while staying in one piece. But when Trisha is taken from him, Kelan must track her to the ends of the universe and beyond. He knows one thing: She is his true mate, and he will kill anyone who tries to harm her.

Customer Reviews

I love this series!!! I am in love with how all the stories fit together and the way the author backtracks to fit the puzzle pieces together. You might think you know how things are after reading the first two books, but really you have missed so much!! Getting into Trisha's story you also get more background on Ariel and Carmen. They grew up together and have a very strong bond. Trisha sheds light on other happening on the ship as well as in the palace when they land. It is fabulous that she turns out to be this totally tough chick who can hold her own in the wilds. You can feel her

strength throughout the story. She has overcome so much, it breaks your heart for her, then puts it back together with her dragon mate! Kelan, like his brothers, is arrogant and clueless when it comes to Earth women. Fortunately, he is willing to learn and see the light in the end. It takes his fierce and stubborn mate to teach him! There is as always a delicious amount of steam in the stories. It is a very smexy read with action as both humans and dragons. Hold onto your panties!! The overall story flows and has plenty of movement. The plot thickens from the first book with the uncle and his treachery. There are many elements coming together and the intrigue grows even more with this book. I can not wait to see what happens to the sisters, cause there are plenty of hints here!! David Brenin is, as always, a delicious treat for my ears! He has a terrific feel for the characters and makes the story sing. I love his smexy voice, when he says all those naughty things, makes a gal blush all over! His pace is spot on and flows with the movement of the story. He gives really good ears!! I am enamored with this whole series and eagerly await them all releasing in audio!
