Heavy Metal Notebook

Synopsis

The story of heavy metal as told by someone who lived and breathed metal during the glory years from the early eighties to the early nineties, all from one of the suburbs of Los Angeles, just a short car ride away from the center of the metal universe. In addition to reliving what it was like to witness the metal explosion first hand, Heavy Metal Notebook also serves as an in depth guide to the essential music that must be in any metalhead's playlist.
