The Kid: What Happened After My Boyfriend And I Decided To Go Get Pregnant

Synopsis

Dan Savage's nationally syndicated sex advice column, "Savage Love," enrages and excites more than four million people each week. In *The Kid*, Savage tells a no-holds-barred, high-energy story of an ordinary American couple who wants to have a baby. Except that in this case the couple happens to be Dan and his boyfriend. That fact, in the face of a society enormously uneasy with gay adoption, makes for an edgy, entertaining, and illuminating read. When Dan and his boyfriend are finally presented with an infant badly in need of parenting, they find themselves caught up in a drama that extends well beyond the confines of their immediate world. A story about confronting homophobia, falling in love, getting older, and getting a little bit smarter, *The Kid* is a book about the very human desire to have a family.

Book Information

Paperback: 256 pages

Publisher: Penguin Books; Reissue edition (June 1, 2000)

Customer Reviews

I felt I had to respond after one person failed miserably in reading comprehension. First, in the beginning of the book Savage made the point and he and Terry had discussed infidelity and were committed enough to their relationship that that would not be enough to break them up. As to the claims about the birthmother being mentally ill, they took care to show that she wasn't. She was able to care for herself, make logical decisions and was sane enough to know that her chosen lifestyle made it impossible to be a good mother to her son, hence choosing adoption. And they didn't relocate to get away from her. They lived in Seattle and used an agency there. She was currently living in Portland, but since she regularly moved from city to city, it wasn't an issue. In fact, those who bother to read the whole thing will discover a chapter in which they flew to L.A. to meet

with her after the birth and to allow the birthfather to see the baby. (And according to the legal agreement they signed, they can't keep her from seeing the kid a certain number of times a year, and Savage himself deplored the fact that some adoptive parents don't follow the signed agreements.) A lot of the other complaints seem based on the fact that the reviewer could not tell sarcastic humor from genuine sentiment. Savage is not a hearts&roses style writer. He's a hardcore cynic and likes making shocking jokes, like his fake birthmother letter in which he jests about having drug addicted friends babysit. For every time he made a joke about a baby as an expensive hobby, he also mentioned looking forward to being able to teach him to walk and talk and later watching his Little League games.
