Angels Flight (Harry Bosch)

Synopsis

The man most hated by the LAPD - a black lawyer who has made his name by bringing lawsuits alleging racism and brutality by police officers - has been found murdered on the eve of a high-profile trial. The list of suspects includes half the police force. And Harry Bosch is the detective chosen to lead the investigation. The political dangers of the case are huge. If it's not investigated fairly, the public outcry could make the Rodney King riots look tame. But a full investigation will take Bosch into the ugliest corners of law enforcement. To make matters worse, Bosch's wife, Eleanor, has disappeared. Bosch fears she has left him - or succumbed to her gambling addiction. He's not sure which would be worse. *Angels Flight* reads in a white heat. It continues to up the ante of the series that is "raising the hard-boiled detective novel to a new level - adding substance and depth to modern crime fiction." (Boston Globe)

Customer Reviews

Ever since I read Connelly's **The Black Echo**, the first of the Harry Bosch mysteries, I've been hooked on these wonderfully complex, fabulously written novels. Bosch is (predictably) "hard-boiled and melancholy, but with a heart of gold," as befits this venerable fictional genre. Yes, there are many, MANY cop/P.I. detective series out there, but in my estimation, Connelly's Bosch series is the best, and **Angels Flight** shows why. The theme in this novel is the atmosphere of racial distrust and recriminations against the Los Angeles police that has emerged in the wake of the Rodney King cases and the O.J. Simpson trial. Connelly succeeds for the most part in capturing the tragic

essence of what has been wrought by the legacy of police misconduct and the African American reaction to it in the city of angels. Not surprisingly, he is most effective in presenting the police perspective here: the outrage and frustration at the deterioration of police credibility in the community overall; the combination of anger and grudging admiration that a get-the-police black attorney might elicit from conscientious police professionals; the increasing disillusionment as the politicization of police affairs becomes ever more complete. If there is a weakness in Connelly's adventuresome foray into political territory, it's related to the delicate and difficult race-related theme he has addressed here. To succeed totally in this endeavor, Connelly must navigate through some extremely tricky sociological issues, and it becomes apparent that he might be in a bit over his head in this regard. When attempting to provide the African American perspective on police presence and conduct in LA, for example, Connelly does a decent but not outstanding job.
