Customer Reviews

Great book for starters. Bought this book for my son who was just learning to play trumpet in school. It was a required follow up to book one. He is doing great with his learning and at least some of that has to do with being able to read the books and tunes in them.

The perfect book for my son's band class.

My son has to have this for band at school, and buying it new just doesn't make sense. This was an amazing price & was shipped quickly & in great condition.
