I am pretty impressed with Ronda Rousey after having seen her on Ellen and briefly on TMZ. As I know little to nothing about her, this biography has given me a fantastic overview of her life and accomplishments. Granted, if you are already a rabid fan and have been following her career, there may be nothing new here. Not the case for me. This bio gives great info on Rousey's upbringing, her start in athletics, and her career in the UFC from the start until present day. I learned so much about this amazing woman from this book and found it to be a very worthwhile read on Rousey.

Excellent piece of writing by Bill Redban. The book captures all of Ronda Rousey's key moments in her life thus far. My favorite part was her fighter profile. There were many details in book that I did not know about. The author has a clean writing style that keeps the reader engaged the entire way through the book. Highly recommend to anyone out there that does not know Ronda Rousey or anyone that wants the inside scoop on her life.

A unique biographical insight into the life of an important personality in the UFC. One is given the chance to see what shaped the life of one of the greatest MMA fighters in the world. An excellent read that entices one to get inspired. Recommended.

I had no idea that the UFC fighter Ronda Rousey had such an interesting life story. Bill Redban has written a book that is easy for all to get into and enjoy. I found myself not being able to put the book down. I read the book cover to cover in one sitting. I will absolutely read more books by this author. A++ Highly recommend.

I rate this book four stars. Fun to read. The important facts are there. Someone hearing about Ronda for the first time would find the book most enlightening. The author is probably not a practicing MMA star. That's ok.

I read this because I was interested in her life as she is a phenomenal fighter and it was free on kindle unlimited. Disappointed is an understatement and exceptionally glad this was free. Just basic pamphlet of information you could look up on Wikipedia. Facts only, nothing more. If a 5th grader were asked to write a book report on her, this wouldn't be acceptable.

The information was very brief and not much more than what I had read from basic internet and TV news. If you want a very easy read (I completed the entire book in about 5 minutes) and know nothing of Ronda, you might be satisfied. The price tag was a bit much for these cliff notes. Looking forward to "My Fight/Your Fight" reading.
