I'll admit to being very disappointed by this collection. There were a lot of "world's greatest" music I'd never heard of, and some of the versions were very poorly written: simple piano reductions of the score, with no attempt to make them 'pianistic.' My wife bought it for me, thinking it would be good, but it's unlikely to be something that I'll use very much.

I am a singer who writes thematic shows...My latest is "Themes of my Life." This book is one of three that I so needed! Amen for ! Dr. Abby
