Customer Reviews

I got this and a basic origami book for my nephew because he likes to play with paper. I've never bought this sort of thing before but it's a great product for introduction to origami. 5"x5", beautiful and vibrant double-sided paper that folds easily but isn't super fragile like cheap wrapping paper. It smells slightly chemical when you first open it, but that dissipates quickly. \$2.75 for 48 sheets is a reasonable starter pack. Some color combos are teal/purple, lime green/lemon yellow, lime green/teal, magenta/orange and a few others, a total of at least 6 colors I believe. I didn't get to look at them in the best lighting.

Origami paper size little smaller than other origami paper i have2 different color on 1 sheet (recto /

verso) no white, all bright.Chemical smell at start !Paper qualiy ok, cardboard on back to avoid damage while delivery ok.3 stars cause it took almost 2 months between the day i ordered and when i received it ...

Very strong chemical odor: had to leave outside for a day; nice size for small figures; creases well; would buy again.

this is just basic origami paper. the colors are bright and if that's what you want that's what you get.

Just as described. Thank you for the quick delivery ..
