Customer Reviews

I picked this book up because there are some heavy-duty gamers in my family, especially Minecraft fans. I was looking for something to teach myself the basics of the game so that I could better understand why it's so massively popular, and this book delivered. This is a fantastic little guide that provides everything the Minecraft newbie needs to know--I'll be building shelters and beating back monstrous mobs with the best of them. I recommend this book to everyone new to the game or gamers returning to Minecraft and looking for a good refresher.

I'm a Minecraft lover and I can say that this is a wonderful book for the beginners who want to start Minecraft adventure. This guide is helpful and informative. The book is well written and detailed about tips and strategies. All in all this is a great step by step Minecraft guide for beginners. I highly recommend it. Definitely worth the buy!

A comprehensive primer for those who are new to Minecraft, or for those who are wondering what all the fuss is about

My grandson loves this!
