Customer Reviews

my 9 year old son loves these books. since we got the Kindle he has been reading more than his normal 20 minutes a night he wakes up in the morning on Saturdays and ask if he can read and finish his book.

I think this is a good book. I also want to say that a cool trap would be a painting secret door, and you will need it to emit light, but it will make them fall in lava when they hit the trip wire. It would actually lower their guard and make them not worry.
