Customer Reviews

What a great book it was. I loved it very much and it is a good read book for children. The story is full of twists and surprises which will make you feel as if you are the part of the story itself and will

create an urge in your mind to read more and more. I must say that it is yet another masterpiece from Minecraft. I have a collection of Minecraft books and I can surely say that I found this book the best among all the other books. If you have a passion for reading thriller stories and love them as much as I love them, then you must read this book. This is not fictional, the saber is actually real. Do read it to enjoy not only the thrill but also the humorous incidents it contains in the backdrop of the story. Happy Reading Minecraft Lovers !

The Saber is as real as it gets. Someone wants it but the sworn Elder of the Force refuses to talk; seeing as it is his duty to refrain from giving such information. The interrogator seems blood hungry but killing the Elder will not produce the Saber of Power. Soon the pressure becomes unbearable and treachery presents itself, to the Elder, as the best alternative out. Will he give in? Now Glock and Pill must get the Elder to safety despite the trigger happy criminals that stood before them. Citizens are in panic as explosives sound...they are running for their lives! The Elder, owing to the fear that has seized him falls unconscious and is carried to the Millennium Falcon. Upon waking up he demands to be taken back to his office. I thought he was rather arrogant, but all in all, this was an entertaining read.

With so many books coming up in the genre of Star Wars you seem to be on guard about books written on this topic. However, this one is not only written in an unputdownable manner, it is also sprinkled with humor making for light thriller reading. Reading it, you feel it is a continuation of the hugely popular saga of Star Wars as the author managed to seamlessly integrated the past theme with the one in this book. The "Minecraft: Star Wars: The Saber of Power" is something that people of all ages will enjoy. A good read!

These Star Wars inspired books have been a bundle of surprises, the way the writer makes use of the seriousness of star wars and throws in brilliant humour is impressive. This is a noteworthy expression of an already famous theme which is quite popular with kids and some hardcore fans too. That being said, this is a completely original work and does not have any connections to the classic star wars stories.

The star wars stories unfolds lots of thrilling and unbelievable twists. Glock and Pill must get the Elder to safety despite the trigger happy criminals who come on their way. The Elder is the main character that has lots of attitude and different qualities which makes the read a worthy one.

Everybody can enjoy reading this thriller treat!

The Minecraft Star Wars edition does it again. It is a perfect combination of good storytelling and humor. In fact, this Ender King book offers a lot of interesting aspects to the readers. Loved reading this one. Fantastic read, five stars.
