Barnaby Rudge

Synopsis

For the background to this historical novel, a tale of mystery, suspense and unsolved murder, Dickens chose the anti-Catholic Gordon Riots of 1780. Mayhem reigns in the streets of London, vividly described by Dickens, and the innocent Barnaby Rudge is drawn into the thick of it. Against the public disorder, Dickens tells of the private discord within families - with fathers and sons at loggerheads - and creates a wealth of colourful characters: the sinuously evil Lord Chester; the pretty and vivacious Dolly Varden; and the host and regulars at the Maypole Inn - a symbol of security in those uncertain and violent times.

Best Sellers Rank: #24 inÂ Books > Audible Audiobooks > Language Instruction > Other Languages #496 inÂ Books > Reference > Foreign Language Study & Reference > Instruction

Customer Reviews

Focused primarily on the "anti-popery" riots in London in 1780, and filled with wild scenes of carnage involving a large cast of characters from all levels of society, *Barnaby Rudge* is Dickens's first historical novel, and it includes the real Lord George Gordon, a virulent anti-Catholic who whipped the populace into a frenzy. The author sets the scene for the tumult by first painting a picture of quiet village society in Chigwell in 1775, five years earlier, often using humor to depict the numerous characters. Geoffrey Haredale, a Catholic, has inherited the estate of his brother Reuben, who was murdered twenty-two years before. He has brought up his niece Emma, who is in love with the kindly Edward Chester, a Protestant, the son of the odious Lord John Chester, who lives nearby. Dozens of characters populate the book--including Barnaby Rudge (the developmentally disabled son of Mary Rudge, who works on an estate), the Willetts (who run the Maypole Inn), Gabriel Varden (a locksmith) and his daughter Dolly (who eventually works for Emma Haredale), mysterious

strangers, ghosts, a sinister blind man, and even Grip, Barnaby's talking raven. The action takes off when the time shifts from 1775 to 1780, and the focus changes from village life and the sometimes amusing domestic concerns of the people to the growing anti-Catholic sentiment being stirred up in London. The humor, which has been a big part of the first part of the book, ends, and Dickens concentrates on the growing hatred and the battles spawned by that hatred, with good people being drawn into brutality that they would otherwise avoid. Violence and several deaths take place, the populace becomes a mob, and rioting leads to the burning of properties.
